DISCOVER THE ULTIMATE IN AGED CARE LIVING

"I love living in my waterfront suite at Bayswater Gardens. It is spacious and comfortable and I have direct access straight out to the gardens. It is where I like spending my time, enjoying the water views and sharing afternoon tea with the friends that I have made here. The staff are friendly and I am happy to be cared for in such a lovely environment" Maria, a Bayswater Gardens resident.

Bayswater Gardens redefines residential aged care in the inner west. This carefully considered modern residence offers all of the comforts of home, in an elegant, architecturally designed and very personalised environment.

Idyllically located on the water at Hen & Chicken Bay at Abbotsford, Bayswater Gardens offers an exceptionally designed residence, with the peace of mind that professional and warm support is on hand whenever it is needed. We embrace local cultures and take pride in supporting the community.

We provide physical and emotional security in addition to excellence in both our built environment and the level of care and service. Our professional team delivers the highest level of service to residents, offering the full spectrum of care and services including Extra Services, Dementia Care, Palliative Care and Respite Care.

Elegantly Appointed Private Suites

Bayswater Gardens boasts a collection of luxurious private suites that feature spacious ensuite bathrooms, gracious sitting areas and many also include kitchenettes.

Many suites feature private garden courtyards or balconies, with a selection of special suites for couples, relatives or friends to share. Each suite is spacious, light filled and stylishly appointed with exclusive furnishings. Many of the suites are afforded spectacular views of the water.

While the suites have been designed by leading interior architects Pike Withers, the canvas is ready for your individual touch and we do encourage residents to personalise their suite with family mementos.

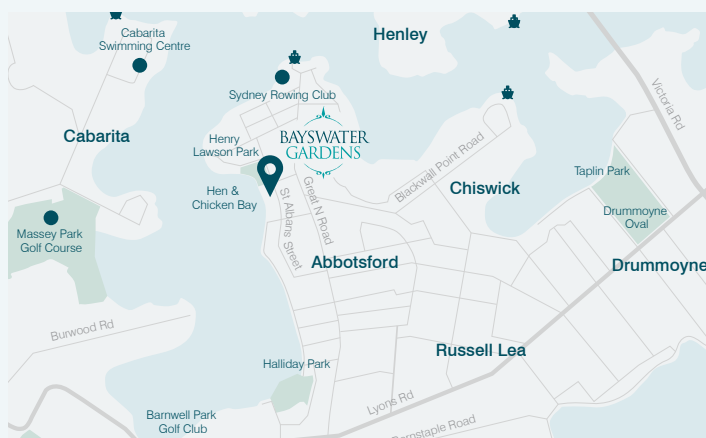

Luxurious State of the Art Facilities

Elegance is a lifestyle here at the architecturally designed Bayswater Gardens. Take advantage of your choice of communal environments in which to entertain, dine or simply relax.

Choose from several beautifully appointed intimate lounge areas and dining rooms, offering a social atmosphere in which to make new friends or enjoy the peace of a quiet space.

Residents have the opportunity to relax in one of the beautifully inviting landscaped courtyards; admire the privately curated art pieces that adorn the walls; read the newspaper or enjoy one of the wonderful books or magazines in our library. With the best in sound, video and internet technology throughout, residents can be entertained and stay connected to family and friends in the comfort of their own suite or around the residence.

The manicured gardens offer the perfect place for a leisurely stroll and the chance to enjoy the magnificent views over the water. Residents can also meet with family and friends in one of our function areas or watch a favourite movie in the privacy of their own suite.
